6. Business items

6a. Resolution: apply for a state grant to repair the Ferry Landing dock

The floating dock at the Ferry Landing is near the end of its useful life. A state grant could pay up to 75% of the repair, which is estimated at $1.2 million. The city's share would come from the harbor and marina fund.

Staff recommendation: approve the grant application.

6b. Ordinance, second reading: 20 mile per hour speed limit on Lantern Street

This ordinance lowers the speed limit on Lantern Street between Cedar Street and Ferry Street from 25 to 20 miles per hour. Residents of the street asked for the change. The first reading was held at the last regular meeting.

Staff recommendation: adopt the ordinance.

6c. Contract for a sound and video system in Council Chambers

The sound system in Council Chambers is hard to hear in the back rows and online. A new system would add microphones, a hearing loop and cameras for the meeting video. The lowest bid that meets the city's requirements is $86,400.

Staff recommendation: award the contract for $86,400.
